I was a useless human being too...

Although I live in such a large mansion,
it feels even more lonesome to live with only a maid and butler-

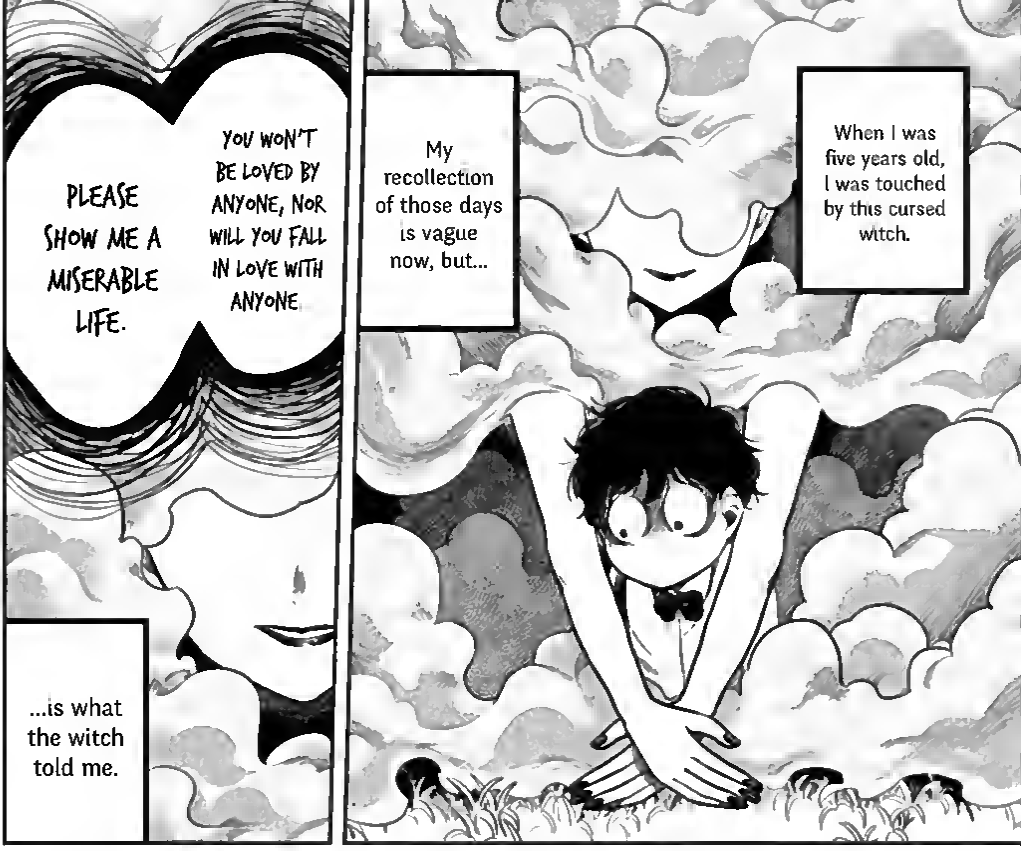
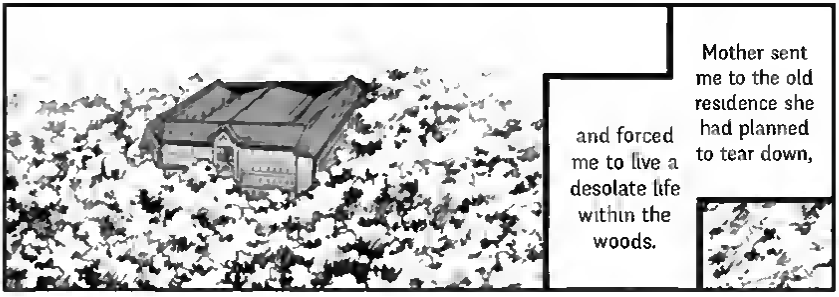
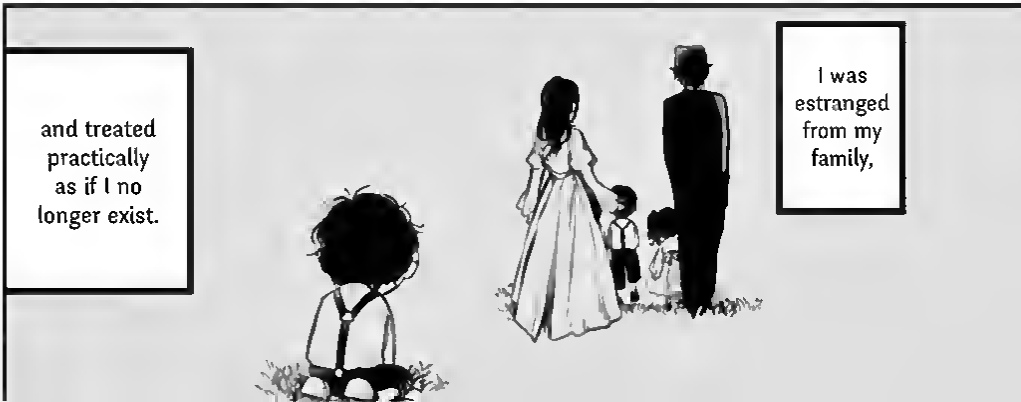
If I could've just cleansed myself of this curse where I take the life of any living thing I touch,
I would been able to experience happiness a bit more once again.



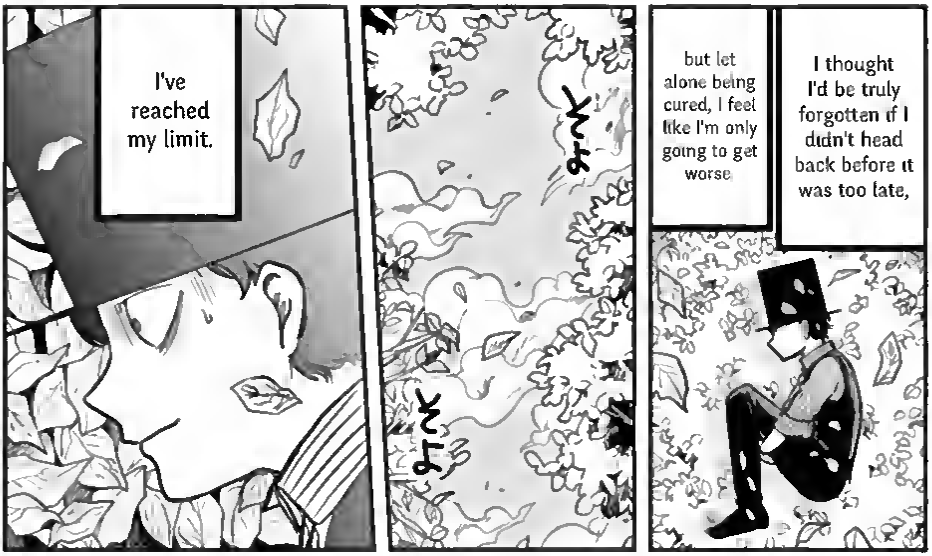
When I was five years old, I was touched by this cursed witch.
My recollection of those days is vague now, but...
YOU WON'T BE LOVED BY ANYONE, NOR WILL YOU FALL IN LOVE WITH ANYONE.
PLEASE SHOW ME A MISERABLE LIFE.
...is what the witch told me.



Mother sent me to the old residence she had planned to tear down,
and forced me to live a desolate life within the woods.



I was estranged from my family,
and treated practically as if I no longer exist.



I've reached my limit.

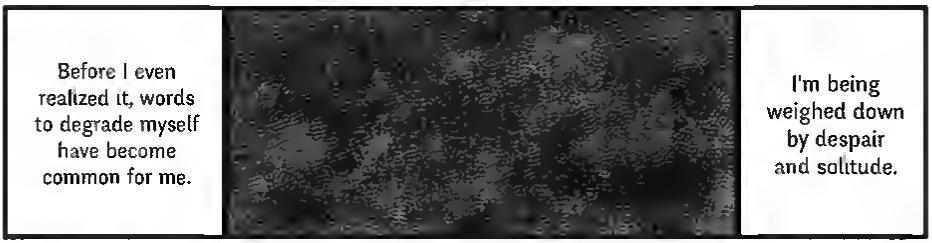
I thought I'd be truly forgotten if I didn't head back before it was too late,
but let alone being cured, I feel like I'm only going to get worse



Before I even realized it, words to degrade myself have become common for me.
I'm being weighed down by despair and solitude.

The amusement from my distress doesn't end here.
Since I can't predict their movements, I'm bad with insects and animals.

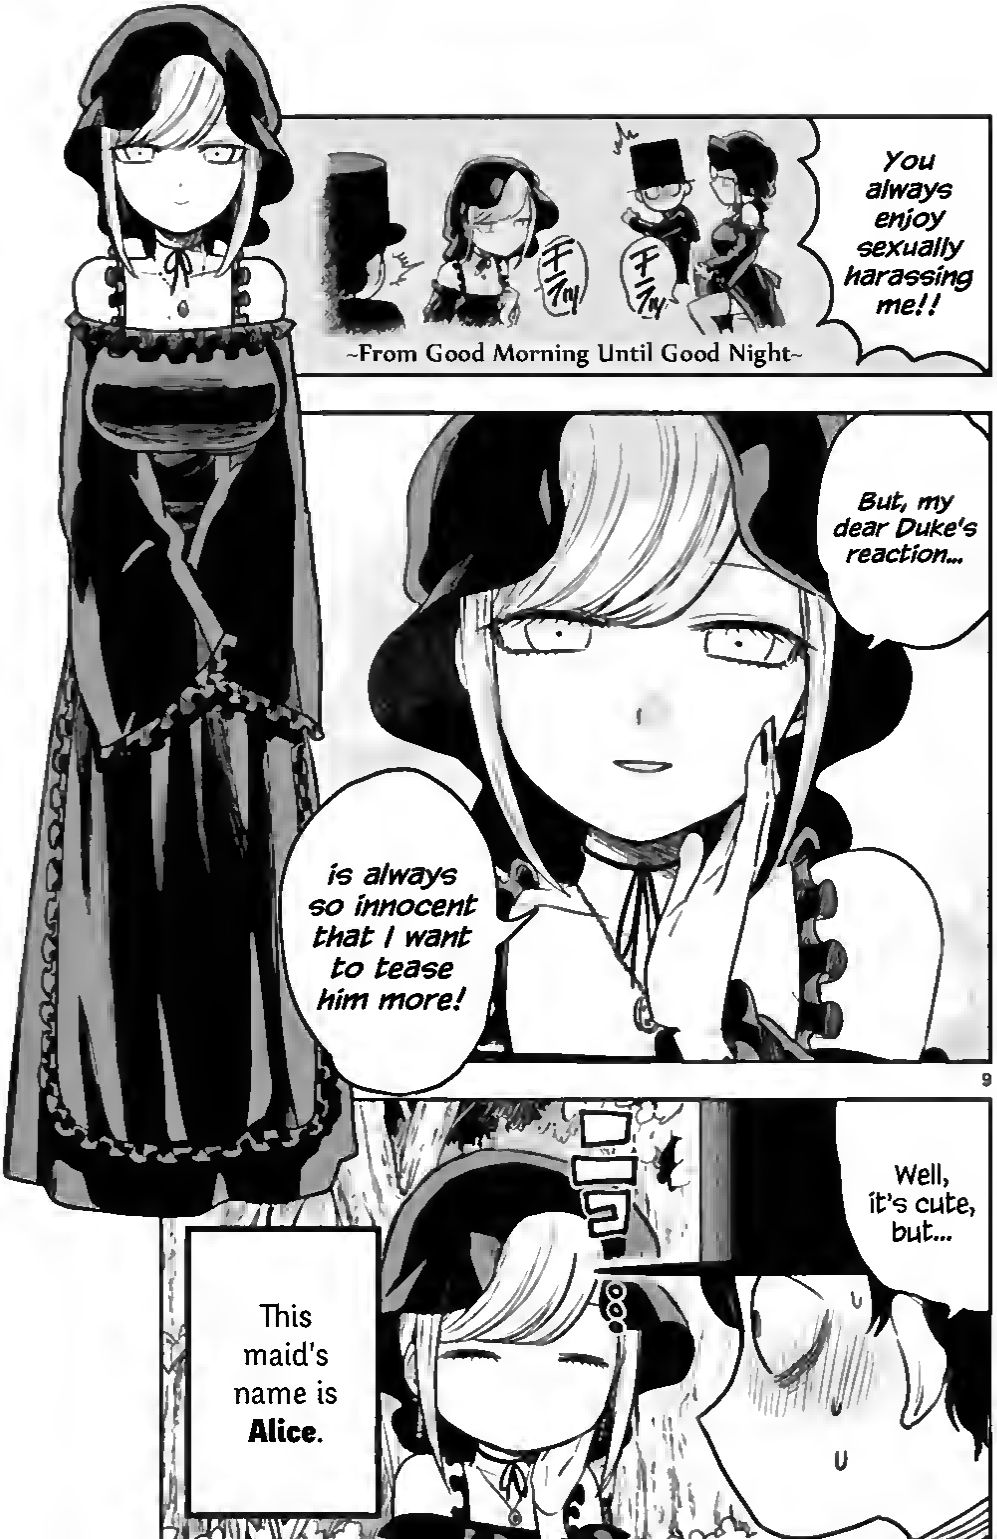
!!
Whatever could you be doing in a place like this?
There's this maid.
I was merely blowing the dead leaves off your face.
Liar !!
Alice!!
You popped up all of a sudden again!!
Gyah



~From Good Morning Until Good Night~
You always enjoy sexually harassing me!!
But, my dear Duke's reaction...
is always so innocent that I want to tease him more!

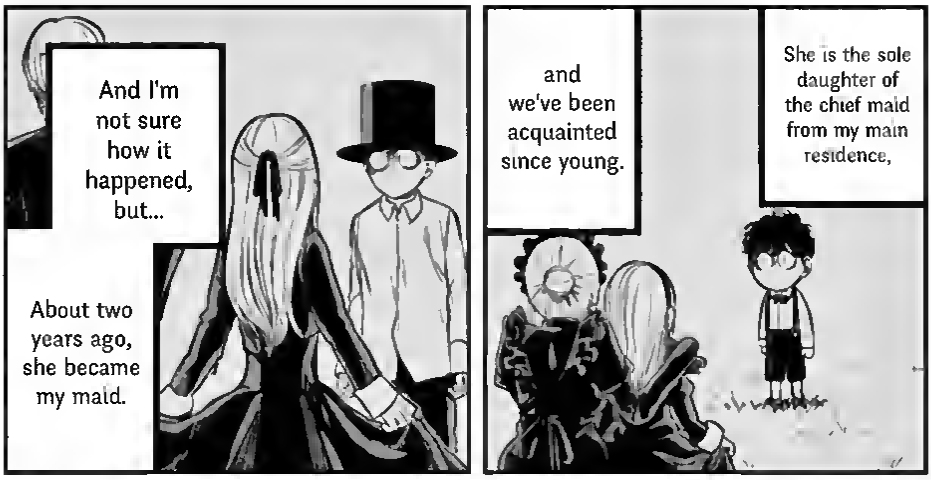
Well, it's cute, but...
This maid's name is **Alice**.



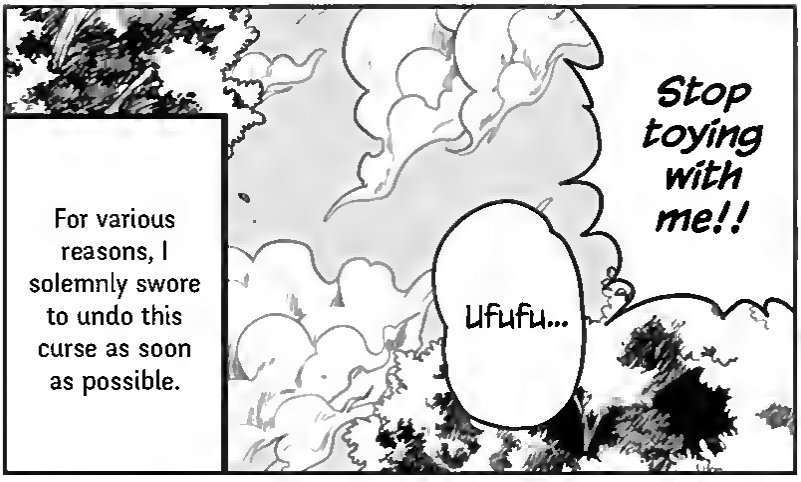
And I'm not sure how it happened, but...
About two years ago, she became my maid.
She is the sole daughter of the chief maid from my main residence,
and we've been acquainted since young.

I've finished the preparations to greet our guests.
And you have to tell me this close!?
My Duke.
Wh... what?
And now I'm concerned about all the **sexual harassment** coming from her.

There's almost an hour until Philip-sama arrives.
So it's already that late in the day, huh?
Now I feel depressed.
Sigh...
Will this lighten you up?
スス...
No, I meant that I can't get into the mood!!
How vulgar!!

And don't get too close to me!!
Can't you stop tempting me so much!!?
What would happen if I got mindlessly turned on
and ended up touching you!?
スス...
You only stopped for a second!?
ピタ

Would you like to try touching me then?



For various reasons, I solemnly swore to undo this curse as soon as possible.
Ufufu...
Stop toying with me!!

Sto...
